

Product Discontinuation Notice
April 12, 2024

Products Affected: OSP Series Power Distribution Units
Type of Change: Product Discontinuation

Discussion:

After careful consideration, Orion Fans has determined that due to the following reasons, our current offering of smart power distribution units (PDU) will no longer be produced.

- (1) Development of these products has ended
- (2) Software support is no longer available

At this time there are no replacement models available. We appreciate your understanding. Below is a list of discontinued models.
