# Product Advisory

Issue Date: Feb 8, 2023

Change Type:
Supply continuity. BOM component change only.

Description and Extent of Change:
The heatsinks used on the adapters listed in the table below are being updated to remove the heatsink detection logic pins, also known as TOGO pins. The pins supported a now deprecated feature used to detect if the heatsink is missing. The picture on the left is the existing heatsink with TOGO pins and the picture on the right is new heatsink without the TOGO pins.

Reasons for Change:
The heatsink detection feature has been deprecated

Effect of Change on Fit, Form, Function, Quality, or Reliability:
The adapter specification will remain the same. No changes to adapter form, fit, function, quality and reliability.

Effective Date of Change:
The update is being implemented as a running change. Product shipments start after March 30, 2023.

Parts Affected:

BRCM Part Number	New Revision Number	BRCM Part Number	New Revision Number
