

Dual-Band USB Wi-Fi Adapter - 2.4 GHz and 5 GHz

MODEL NUMBER: **U263-AC600**

Plugs into your laptop or desktop computer's USB port to provide secure instant access to a dual-band wireless Ethernet network.

Features

Nano-Sized Dual-Band Wi-Fi Adapter Connects You to a Wireless Ethernet Network

Tiny enough to fit in the palm of your hand, this dual-band USB 2.0 Wi-Fi adapter plugs into the USB-A port on your laptop, tablet or desktop computer. It connects your device to a Wi-Fi network without having to rebuild any interior parts or replace a broken web card.

Dual-Band Connectivity Lets You Connect to More Devices with Less Interference

The U263-AC600 supports dual 2.4 GHz (150 Mbps) and 5 GHz (433 Mbps) network connections to make sure you have plenty of bandwidth for both high- and low-intensity applications. The 2.4 GHz band is ideal for basic web tasks, such as web browsing, sending email or streaming music. The 5 GHz band is recommended for downloading large files, streaming HD video on Netflix or lag-free gaming.

Compatible with the Most Recent IEEE Standards and Security Measures

This USB Wi-Fi adapter adjusts to a wide range of industry standards, including IEEE 802.11ac, and is backward compatible with 802.11a, 802.11b, 802.11g and 802.11n for integration with all wireless network devices. The U263-AC600 also supports 64- and 128-bit WEP/WPA and WPA2 one-key wireless security encryption.

Miniature, Lightweight Design Perfect for Travel and Storage

The U263-AC600 features a 1T1R design (meaning the internal antenna both transmits and receives) and fits in a pocket or laptop bag for travel. To use the adapter, install the drivers specific to your laptop, tablet or computer (search "U263-AC600" at tripplite.eaton.com/support), and then connect the adapter to the USB port on your device. The adapter is compatible with Windows, Mac or Linux computers.

Highlights

- Dual-band Wi-Fi adapter supports 2.4 GHz and 5 GHz networks
- 802.11ac adapter is backward compatible with 802.11a, 802.11b, 802.11g and 802.11n
- USB 2.0 host interface is backward compatible with USB 1.1 laptops, tablets and PCs
- Supports 64- and 128-bit WEP/WPA and WPA2 wireless security encryption
- Nano-sized 1T1R design fits easily into a pocket or laptop bag for connecting on the go

Applications

- Connect a notebook or desktop computer to a Wi-Fi network via USB port
- Provide an alternate means of connecting to Wi-Fi for a device with non-functioning Wi-Fi hardware

System Requirements

- Laptop, tablet or desktop computer with USB-A port
- 2.4 GHz and/or 5 GHz wireless network
- Windows, Mac or Linux operating system

Package Includes

- U263-AC600 Dual-Band USB Wi-Fi Adapter
- Owner's manual

Specifications

OVERVIEW	
UPC Code	037332259738
Product Type	USB 2.0 Dual Band 2.4Ghz / 5Ghz Wi-Fi Adapter

Powering Business Worldwide

Technology	USB 2.0 (High Speed); Wireless
INPUT	
Bus Powered	Yes
Product Length (in.)	0.746
Product Length (cm.)	1.9
CONNECTIONS	
Side A - Connector 1	USB A (MALE)
Wireless Interface	2.4G max data rate: 150Mbps (11n); 5G max data rate: 433Mbps (11AC)
DATALINE SURGE SUPPRESSION	
Network (Ethernet) Protection	Yes
PHYSICAL	
Color	Black
Material of Construction	ABS
Unit Dimensions (hwd / in.)	0.235 x 0.617 x 0.746
Unit Dimensions (hwd / cm)	.596 x 1.566 x 1.896
Unit Dimensions (hwd / mm)	5.96 x 15.66 x 18.96
Unit Packaging Type	Box
Unit Weight (lbs.)	0
Unit Weight (kg)	0.00
ENVIRONMENTAL	
Operating Temperature Range	32° to 104°F (0° to 40°C)
Storage Temperature Range	-40° to 158°F (-40° to 70°C)
Operating Humidity Range	10% to 90% RH, Non-Condensing
Storage Humidity Range	5% to 90% RH, Non-Condensing
FEATURES & SPECIFICATIONS	
USB Specification	USB 2.0 (up to 480 Mbps)
Driver Required	Yes
STANDARDS & COMPLIANCE	
Product Compliance	RoHS; CE (Europe); REACH; FCC (USA); UKCA
WARRANTY & SUPPORT	
Product Warranty Period (Worldwide)	3-year limited warranty
