

July 18, 2023

To: All Belden Channel Partners

From: Smart Buildings Solutions Product Management Team

Subject: Smart Buildings Solutions Product Discontinuations
Cross-Connect Systems, Commercial AV Connectors, and Mohawk Premise Cables

Belden's Smart Buildings Solutions business is modifying the product portfolio to simplify our offering, streamline our manufacturing operations, and enhance our service to you. Some of these changes result in discontinuation of certain products which will take effect on August 18, 2023.

A summary of the changes is below:

- 110 Cross-Connect System – components and related patch cords
Belden is dedicated to supporting the 110 Cross-Connect system. However, due to declining demand for this legacy product line, we can no longer reasonably provide individual connecting components, patch cords, and many cable management accessories. We will continue to provide kit options for 4-pair and 5-pair systems, which include the wiring and connecting block components being discontinued.
- Commercial AV Double Bubble Connectors – complete line
- Commercial AV ProSNS Connectors – select items
- Mohawk Premise Cables – select items and packaging variations
Popular variations of the Mohawk Premise Cable line are still available.

A comprehensive list of discontinued items and recommended alternatives in the linked [Excel file](#). Within the file, we have recommended alternatives as available.

Backorders that have been scheduled will be honored. New orders will not be accepted after August 18, 2023. A limited amount of discontinued inventory may be available after that time to support your transition to a replacement based on availability. These orders will be non-cancellable and non-returnable. If interested, please contact Customer Service directly for a stock check as inventory may not be visible on eDesk. To help your transition from the discontinued products listed herein, recommended substitutes are listed as available.

We thank you for your partnership and continued loyalty to Belden as we carry on our commitment to provide the highest level of quality and service. Stay up to date on product information by visiting www.Belden.com. If you have any further questions on these updates, please contact your inside sales representative or call 1-800-BELDEN1.
