COMPLIANCE TO THE REQUIREMENTS OF THE EU REACH REGULATION

Dated: June 25th, 2020

As of the date of this letter, Curtis Industries complies with the requirements of REACH for the products listed on the attached pages.

Please note that analysis of the raw materials and/or finished goods for presence of REACH mentioned substances on a routine basis is neither a part of our quality control plan, nor is a part of the product specifications, and hence it should not be construed as any warranty, expressed or implied. Furthermore, any statement of compliance shall be construed in conjunction with our Policy which can be found on the Curtis Industries website at:

http://www.curtisind.com/REACHcompliantElectricalComponentManufacturer.asp

Any product not specifically identified as "REACH compliant" is either non-compliant or of unknown status, and therefore is not certified to be REACH compliant. We have obtained and will continue to obtain Certificates of Compliance from our supplier base. Because some information is provided by sources outside of Curtis Industries, we make no representation or warranty as to the accuracy of such outside information and the representations made herein are to the best of our knowledge and is reliant on the representations provided to us by our supplier(s).

The above certification is valid only for the above listed products that we supply to you from current production.

Curtis Industries, A Division of Powers Holdings, Inc.

Curtis Industries, 2400 So. 43rd St., Milwaukee, Wisconsin, 53219
