Document #: 8ZDGF-1653

Dear Valued Customers

Nidec Components Corporation
Sensor Division

**Product change notification
(Addition of CE marking to battery)**

This is to inform you that a CE marking will be added to batteries used for PG-100N, PG-100B, PG-200 and PG-208 series. This notification is for your company to take appropriate action should your internal documentation for the products need to be updated.

1. Change description

CE marking will be added to batteries used for the products (See the list below).

2. Affected products

Product name	Product series name	Battery Type
Handled Digital Manometer	PG-100N series	LR03T (ALKALINE)
Handled Digital Manometer	PG-100B series	LR03T (ALKALINE)
Pressure Gauges	PG-200 series (Battery type only)	ER6V (LITHIUM)
Pressure Gauges	PG-208 series (Battery type only)	ER6V (LITHIUM)

3. Reason for change

The current manufacturer of battery announced its intention to add CE-marking to battery in order for them to comply with NEW EU Battery regulation.

4. Evaluation

Apart from the addition of CE-marking, the specifications of the batteries remain exactly the same as before.

5. Implementation date

The estimated implementation date is from September 2024 onward on a production basis. The actual schedule may change, dependent on how fast the inventory of the current products will be consumed.

6. Others

Please contact your local sales rep, should you have any concern on this product change.
