

# Product Change Notification

**Change Notification #:** 119729-00

**Change Title:** Select Intel® 100G Active Optical Cables (AOC),  
PCN 119729-00, Product Discontinuance,  
Product Transition from Intel to Third-Party  
Supplier

**Date of Publication:** October 27, 2023

## Key Characteristics of the Change:

Product Discontinuance

## Forecasted Key Milestones:

<b>Last Product Discontinuance Order Date:</b>	December 08, 2023
<b>Last Product Discontinuance Shipment Date:</b>	April 27, 2024

## Description of Change to the Customer:

The Intel® product SKUs listed in the "Affected Products" table will no longer be available for additional orders from Intel after the "Last Intel Product Order Date" (see "Key Milestones" below). After the "Last Intel Product Order Date", these products will be available for ordering from a third-party supplier (Lintes) as noted for that product code in the table below.

## Customer Impact of Change and Recommended Action:

For products that will no longer be available for purchase from Intel but will be available for purchase from Lintes (the third-party supplier) (see "Affected Products" table below for those products marked "Transitioned to Third-Party Supplier"):

- Please determine the remaining product demand for purchase from Intel and place your "Last Intel Product Order" with Intel by the "Last Intel Product Order Date" shown above. Per Intel Standard Terms, effective immediately, all orders placed for Affected Products will be non-cancellable and non-refundable (NCNR), and no rescheduling of confirmed delivery dates will be permitted without Intel approval.

- Additional demand for these products can be filled by purchasing them from Lintes; in this case, please contact Lintes using the contact information below, or contact your Intel representative to help connect you to Lintes.

Please see your local Intel representative (see "Contact Information" section below) with any questions or concerns regarding the change communicated in this customer notification.

## Products Affected/Intel Ordering Codes:

Product Family	Product Description	Product Code	MM#*	Change Description
100G AOC	Intel® Silicon Photonics 100G QSFP28 Active Optical Cable, 3m	SPTMBP1PACDF003***	Various	Transitioned to Third-Party Supplier
100G AOC	Intel® Silicon Photonics 100G QSFP28 Active Optical Cable, 4m	SPTMBP1PACDF004***	Various	Transitioned to Third-Party Supplier
100G AOC	Intel® Silicon Photonics 100G QSFP28 Active Optical Cable, 5m	SPTMBP1PACDF005***	Various	Transitioned to Third-Party Supplier
100G AOC	Intel® Silicon Photonics 100G QSFP28 Active Optical Cable, 10m	SPTMBP1PACDF010***	Various	Transitioned to Third-Party Supplier

### Notices & Disclaimers

No license (express or implied, by estoppel or otherwise) to any intellectual property rights is granted by this document.

Intel disclaims all express and implied warranties, including without limitation, the implied warranties of merchantability, fitness for a particular purpose, and non-infringement, as well as any warranty arising from course of performance, course of dealing, or usage in trade, except as provided in a separate written agreement.

You may not use or facilitate the use of this document in connection with any infringement or other legal analysis concerning Intel products described herein. You agree to grant Intel a non-exclusive, royalty-free license to any patent claim thereafter drafted which includes the subject matter disclosed herein.

The products described may contain design defects or errors known as errata which may cause the product to deviate from published specifications. Current characterized errata are available on request.

Statements in this document that refer to future plans or expectations are forward-looking statements. These statements are based on current expectations and involve many risks and uncertainties that could cause actual results to differ materially from those expressed or implied in such statements. For more information on the factors that could cause actual results to differ materially, see our most recent earnings release and SEC filings at [www.intc.com](http://www.intc.com).

Customer is responsible for safety of the overall system, including compliance with applicable safety-related requirements or standards.

Intel technologies may require enabled hardware, software or service activation.

No product or component can be absolutely secure.

Your costs and results may vary.
