

## PRODUCT CHANGE / END OF LIFE NOTICE

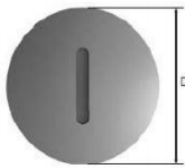

March 7, 2019

Dear Valued Customer,

The Alpha Wire portfolio requires regular maintenance to ensure our products continue to offer the most updated features and benefits, in addition to the highest quality.

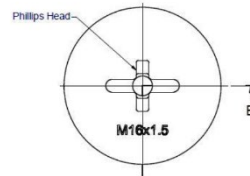

In an effort to continuously improve our product offering, the design of the HPM and HPP hole plug series have been modified so that the product can be used with a broader set of tools. Please see images below:

**Original Design**

(Slotted Driver Only)

**New Design**

(Slotted & Philips Driver)

The specifications for the HPM and HPP products are updated with the new design on the Alpha Wire website. All Alpha Wire manufacturing part numbers will remain the same for these series. Please see attached documentation for the full list of part numbers affected by this modification.

Effective immediately, all future orders for these products will incorporate the Philips head design. Should you have any questions, please feel free to contact your Alpha Wire representative or channel partner.

Sincerely,

Julian Del Campo  
Product Manager  
Alpha Wire
