

**PCN Number:** 20230412001

**PCN DATE:** 4/12/2023

## **PRODUCT CHANGE NOTIFICATION**

In an effort to improve supply chain agility / flexibility, Bel will be adding manufacturing locations approved to produce our line of Ethernet magnetic modules. This will involve all active MPNs S55X-XXXX-XX and S55X-XXXX-XX-F. Manufacturing location approvals will occur throughout the remainder of 2023. The manufacturing site will be identified via the location (LL) portion of the date code YYWWLL. There will be no change to the form, fit or function of the finished product, as the same Bill of Materials will be used, regardless of the manufacturing location. There will be no change to the order entry or shipping processes, and the COO will continue to be China. Thus, there will be no discernible impact on our customers.

Should you have any questions or concerns, please contact your Bel sales / customer service representative.

Thank you for your attention and support, as we strive to continuously improve our ability to support the needs of our customers.

Joe Berry  
Vice President,  
Bel Magnetic Solutions
