Thru-Way (wire-to-wire) Adaptors:

**BU##P-TRW-&-H (LF)(SN)** [i.e.: BU20P-TRW-PC-H (LF)(SN)]

(## = Number of circuits / positions)

(@@ = Assembly Length in mm)

(% = Mating configuration: C or D)

(\$ = Orientation: Blank = Normal Type / C = Reverse Type)

(\* = Polarizing Boss: Blank = without boss / 1 = with standard boss / 1D = with compact boss)

(& = Orientation: P = Normal Type / PC = Reverse Type)

**Reason for Change:**

Abolishment of production of the connectors by the factory.

**Change Description:**

Although a formal notice has not been issued from the factory, GAM has received advanced information that the subject products are to be discontinued.

**BOM Management of Related Assemblies:**

As the connector products only effect the Standard IDC Assemblies produced at GAM, we have made the decision to obsolete these from our product offerings. The assemblies and related products have been removed from the gam-gec.com website.
