Dear Digi-Key

Discontinuation of Surface-Mount and Antenna Modules

We would like to express our sincere gratitude for your continued support of our products.

We have manufactured and sold surface-mount antennas since 2002, but the demand for this type of product has decreased in recent years and we realize it is financially not tenable to continue making and selling them.

For business continuity, as of December 2021, we regret to say that we will withdraw from the surface mount chip antenna business and end production and sales. .

We apologize for the inconvenience caused to your company regarding our decision, and we are very sorry for the inconvenience.

Current Impacted [Digi-Key](#) parts:
