

Subject: RoHS Compliance Status – Grayhill Standard Products

The following Grayhill standard product series are certified to the best of our knowledge to be in compliance with RoHS 3 (directive 2015/863). If your series of product is not listed, or if you purchase a customized version of any of our products, please contact your sales representative for additional details. Note that a certificate of compliance to the RoHS directive is included with your packing slip at the time of shipment.

Thank you,

Chris Renis

VP – Global Quality

Grayhill, Inc.
