

PRODUCT EOL NOTIFICATION

PRODUCT EOL NOTIFICATION NUMBER: 20190227001

EOL NOTICE DATE: February 27, 2019

To: All Bel Fuse Inc. customers

From: Craig Tuffrey, Operations Manager, Modules

This notice is to inform you about the below PLC modules that will be going EOL as of May 20th 2019.

PRODUCTS AFFECTED:

| Part Numbers |
|--------------|
| 0804-5000-17 |
| 0804-5000-18 |
| 0804-5000-24 |
| 0804-5000-25 |

The driving factor for this is the upcoming EOL of the INT6400 chip set from Qualcomm. The Last Time Buy for the above products will be April 30th 2019 and will be subject to a 30 week lead time ARO.

In replacement, we urge our customers to consider our latest 500Mbps modules listed below. Please note, any customers using our Current 200Mbps PLC modules should consider the 0804-5000A/E51 SIP as these have been designed to be a drop-in, backwards compatible product to the existing 200Mbps module.

REPLACEMENT PRODUCTS:

| Part Numbers | Interface | Market |
|--------------|-----------|-------------------|
| 0804-5000A50 | RGMII | Worldwide exc. EU |
| 0804-5000E50 | RGMII | European |
| 0804-5000A51 | MII | Worldwide exc. EU |
| 0804-5000E51 | MII | European |

If you have any questions, please contact your usual Bel support contact.

Best regards,

Craig Tuffrey
