Bourns® Trimpot® Product Line Announces Non-Wirewound Trimmer and Modular Contact Facility Transfer

Bourns® Trimpot® Product Line is moving production of non-wirewound trimmer and modular contact models currently made in our Mexico facility to our Taiwan and Costa Rica facilities. The products' markings are unchanged except for the country of origin and date code information.

Production from the new sites is anticipated to begin in late October, 2012. Military qualification is anticipated for mid-November, 2012. This corresponds to a date code of 1235M. The relocation does not affect form, fit or function of the products. The processes and materials will not change.

Models currently made in Mexico and the new plant locations are as follows:

Model	New Plant
3006	Taiwan
3009	Taiwan
3312	Taiwan
