

Product Change Notice

To: All concerned
 From: Jose Luis Macia
 Date: September 01st, 2023
 No. of pages 1
 PCN-Ref. No.: New housing design for the PTC-10 and PSC-10 series / reminder

As notified in 2021, please be advised that now we have completed the upgrade of the housing design for all the PTC-10 and PSC-10 potentiometer manufacturing lines. The SMC-10 series are also affected because they have a PTC-10 inside.

Mechanical and electrical specifications remain unchanged.

AFFECTED SERIES: PTC-10, SMC-10 and PSC-10

Since some stock with old design might remain in the warehouse, mixed items may be delivered until this stock is finished.

We thank you in advance for your kind cooperation and remain at your disposition for any further information you might require.

Sincerely,

Jose Luis Macia
Commercial Director
